

DAY PUBLIC SCHOOL, KALINGA NAGAR

SUMMER HOLIDAY HOMEWORK

Class - Nursery (2025-26)

Dear Parents,

Summer holidays are a wonderful time to bond with your little ones through fun, creative, and meaningful activities. We encourage you to make the most of this break with storytelling, art, games, and joyful moments together.

Wishing you a safe and happy summer!

Language activity

Sound Safari - Take your child around the house or outdoors to listen and name sounds (birds, bell, water, etc.). This builds auditory skills and vocabulary.

Practice the rhyme-

**Tiki Tiki haata and Lal Tamatar
(link of the rhymes will be shared
in WhatsApp group for reference)**

Cognitive activity

Daily Routine Chart - Create a simple morning-to-bedtime visual routine chart. This helps children understand sequencing and time-related concepts.

Comparison

Encourage your child to gather a variety of items from the garden and around the house. Let them creatively arrange these treasures in a way that sparks curiosity and comparison—based on size (tall or short), and texture (soft or hard). Help them paste this delightful collection in their scrapbook as a fun, hands-on learning experience and submit the scrapbook when school reopens.

Art and creativity

Let your ward explore the magic of shapes by crafting and creating fun pictures of a house, boat, animal, bird, or food item using colorful cut-outs of paper. Paste those pictures in your child's scrapbook to spark creativity and shape recognition.

PHYSICAL ACTIVITY

1. Water play
2. Hopping
3. Clay modelling
4. Simple yoga poses for kids

N.B: Parents are kindly requested to accompany their children and provide necessary assistance during the activities.

Celebration Time !!!

A mother's love is beyond words — gentle, selfless, and unconditional. Mother's Day is a wonderful moment to pause and honour the warmth, strength, and care our mothers shower on us every single day.

Let's capture the joy of this celebration with love-filled moments! Encourage your child to express their affection through art, photos, or a small note. Bring along A printout of these treasured memories when school reopens — let's celebrate these beautiful bonds together.
