

DAV PUBLIC SCHOOL, KALINGA NAGAR-29
HOLIDAY HOMEWORK FOR SUMMER VACATION
CLASS-XII(SCIENCE & COMMERCE)
(SESSION 2025-26)

Dear parents,

Greeting of the day!

As you know that students are more successful in school when parents take an active interest in their homework — it shows your wards that what they do is important.

Of course, helping with homework shouldn't mean spending hours hunched over a desk. You can be supportive by demonstrating study and organization skills, explaining a tricky problem, or just encouraging kids to take a break. And who knows? You might even learn a thing or two!

Here are some homeworks for you to guide the way:

1. Set up a homework-friendly area. Make sure your child has a well-lit place to complete homework. Keep supplies — paper, pencils, glue, scissors — within reach.
2. Schedule a regular study time : It's most important to stick with it so that it becomes a routine.
3. Help them make a plan : This will help in progressing in an organised way.
4. Keep distractions to a minimum - This means no TV, loud music, or phone calls. (Occasionally, though, a phone call to a classmate about an assignment can be helpful.)
5. Make sure your child does his/her own work : This will help to make them self efficient
6. Set a good example. Be a motivator/mentor. Praise their work and efforts :
7. Plan fun activities after homework. Family game time, watching a favourite show, or heading out for ice cream are all great ways to naturally reward being finished with work. Take them to village/relative's house for outing and let them spend time with their cousins, grandparents to improve their social emotional quotient.
8. If there are problems continuing with homework, get help. Talk about it with your child's teacher.

Academic team

Thank you
